**PRODUCT ANALYST | GLOBAL ENTERPRISE SaaS (VMS / CONTINGENT WORKFORCE) | PMP®**
christopherandrew1998@gmail.com | +91 75503 21499 | LinkedIn | Chennai, Tamil Nadu, India

## PROFESSIONAL SUMMARY

**Product Manager** (PMP-certified; MBA, IIM Kashipur, Silver Medallist) who partners with **product owners and engineering** to define, prioritise, and ship features for a **global enterprise SaaS** (**VMS / contingent-workforce**) platform. Skilled in **product discovery, road mapping, and backlog prioritisation**, requirements (**BRD, FRD, user stories**), **competitor benchmarking** and **AS-IS / TO-BE analysis**, and translating **regulatory needs, data privacy, US state labor laws, and federal payment regulations, into multi-geography product requirements**. Experienced in **Agile / Scrum** delivery, stakeholder management, and **outcome metrics** across enterprise systems.

## PROFESSIONAL EXPERIENCE

**PalTech** - *Associate Manager, Business & Product Analysis* | Hyderabad, India | May 2025 - Present

- Own **product roadmap, backlog & release plans** end-to-end for a global enterprise SaaS VMS / contingent-workforce platform.
- Partner with the **product owner** to define, prioritise & finalise features as **56+ user stories** with acceptance criteria.
- Base ship decisions on evidence by running **A/B tests** on feature variants and confirm the winner with users in **UAT**.
- Facilitated **estimation & backlog-refinement sessions** with tech leads & architects across **30+ sprints** to size & sequence delivery.
- Measure **feature acceptance & adoption** through UAT sign-off and usage to prioritise the roadmap and retire weak features.
- Translate **data-privacy & compliance** needs into product rules like US state labour laws (e.g., California) & federal payment law.
- Scope features for **multi-geography rollout** so the global SaaS product fits region-specific labour, payroll & payment rules.
- Run **competitor benchmarking** and **AS-IS / TO-BE analysis** to shape the roadmap and prioritise the backlog by value & effort.
- Integrate **JIRA via REST API** with API **field mapping** to sync issues and pull delivery/cycle-time data & sprint details across systems.
- Partner with engineering on **cloud architecture (Azure)** and Data Team to keep the platform scalable, secure & compliant.
- Specify **SOW workflows, vendor scorecards & AI-agent workflows** as user stories, wireframes & testable acceptance criteria.
- Analyse processes and drive **automation, cutting manual effort ~20%** across origination, funding & repayment workflows.
- Run Agile ceremonies as **Scrum Master across 30+ sprints / 40+ screens** in sprint planning, reviews & retrospectives.
- Design and collaborated with team for **30+ test scenarios** and lead System Testing & UAT (**46 scenarios**), zero critical defects.
- Delivered across **Payments, FinTech and Staffing** programmes with **VMS / contingent-workforce** compliance workflows
- Train BAs on **product management** to learn discovery, road mapping, prioritisation & stakeholder management across the team.

**Infosys Limited** - *Senior Systems Engineer* | Chennai, India | Jan 2021 - Jun 2023

- Improved reporting accuracy to **98%** by developing **25 batch processes** for financial and lease-management applications.
- Managed **migration of 10 legacy applications,** on premises to Microsoft Azure and strategized their end-to-end cloud transition.
- Applied Agile methods to test and deploy production changes across **250 batch processes** for reliable delivery.
- Migrated **8 PostgreSQL databases** from the DB2 and upgraded 10 applications (Java 1.6→1.8) to ready them for Azure.

## OPERATIONS INTERNSHIP

**Northern Coalfields Limited** — *Management Intern, MBA Summer Internship* | Singrauli, India | Apr 2024 - May 2024

- Built decision-support dashboard & deployed Fleet Monitoring System & Industry 4.0 tools improving safety compliance by 5%.

**NVH India Limited** — *Operations Intern, Automotive Component Manufacturing* | Chennai, India | May 2019 - Jul 2019

- Planned daily shift production and led a Kaizen initiative reducing changeover time & improving line-side inventory availability.

## EDUCATION

Indian Institute of Management (IIM) Kashipur - MBA, Operations | 8.72 CGPA | Silver Medallist, ranked 2nd of 250+ | 2025
St. Joseph's College of Engineering, Anna University - Bachelor of Engineering (B.E.), Mechanical Engineering | 86.10% | 2020

## CERTIFICATIONS

Project Management Professional (PMP), PMI, 2026 • Professional Scrum Product Owner II (PSPO II), Scrum.org, in progress 2026 • Introducing SAP Fieldglass, SAP Learning, 2026 • Beeline System Level I - VMS / MSP Contingent Workforce • Lean Six Sigma Black Belt, Grant Thornton, 2024 • Claude Certified AI Foundations, Anthropic, 2026 • Google Project Management, 2024 • Financial Analysis of Scenarios & Decisions, University of Illinois, 2024 • IBM Data Analyst

## SKILLS

**Product & Delivery:** Product Management, Product Discovery & Road mapping, Feature Prioritisation & Backlog, Requirements (BRD / FRD / User Stories), A/B Testing & Experimentation, Feature Adoption & Acceptance Metrics, AS-IS / TO-BE & Gap Analysis, Competitor Benchmarking, System Testing, UAT, Agile / Scrum, Scrum Master

**Tools & Data:** SAP Fieldglass, Beeline VMS, Cloud Architecture (Azure), REST APIs & API Mapping, JIRA, Confluence, Azure DevOps, Advanced Excel, Power BI, Tableau, SQL, PostgreSQL, Python, Figma

**Domain:** IT Services & Enterprise SaaS, VMS / Contingent Workforce, Payments, Lending / Merchant Cash Advance & FinTech, Staffing, Risk & Compliance, Global / Multi-Geography Delivery.
